

get the heavyweights on **your side**...

MMLaw's dispute resolution mechanisms and commercial transactional work can achieve the best outcome for you.

MMLaw's Commercial Litigation and Dispute Resolution practice is industry focused encapsulating the local building and construction industry, medical and allied professionals, accounting professionals, retail and industrial sectors, banking and finance industries and hospitality services.

We resolve disputes for our clients by listening to their needs, in combination with our attention to detail and legal knowledge which allows us to obtain the tactical initiative so as to bring about the desired client outcome.

MMLaw's Commercial Litigation and Dispute Resolution practice has resolved disputes in relation to the commercial and residential building and construction industry for both contractors and property developers. The reach of our dispute resolution practice coverage extends to false and misleading representations involving Trade Practices proceedings and defamation proceedings.

MMLaw protects its clients' intellectual property rights, be it copyright, trade mark and patent protection or confidential information.

The strategic use of MMLaw's Commercial Litigation and Dispute Resolution services can maximise your prospects of commercial success.
