

# we know our way around property law...

We provide a range of services from substantial property development to small domestic transactions.

Our considerable experience enables us to provide the following expert services to our clients:-

## **LAND DEVELOPMENT**

A complete service from the conceptual planning phase to conclusion of the final development, and completion of sales. This includes liaison with Town Planners, Surveyors, Engineers, Environmental Advisers and associated consultants.

## **STRATA TITLE DEVELOPMENT**

A complete service for high and low rise unit developers from the conceptual planning phase to completion of the final development, establishment of Bodies Corporate, settlement of unit sales and formalising commercial leases, including liaison with Engineers, Surveyors, Town Planners, Body Corporate Managers and associated consultants.

Our team includes Property Lawyers and Senior Conveyancing personnel who have broad and substantial experience in their areas of property law.

You can have confidence that when you give instructions to MMLaw the work will be performed at the highest level by appropriately experienced qualified persons.
